

Christian Counselor Training and Certification Program

Thank you for your interest in PCCCA's Christian Counselor Training and Certification Program, updated and re-released in 2010.

Dr. Leelo-Dianne Bush, president of PCCCA, with the support of academy leadership and trainers, have dedicated much time and attention to bringing you this program.

Additionally, in February 2010, we offered prospective students the opportunity to help us design this program for you by responding to a survey where hundreds of you told us what you want and need in a Christian counseling program. We included factors such as training methods, program features, value / benefits options, and an opportunity to tell us which topics will be most helpful to you.

The result is the program that you helped to design so that you could provide counseling excellence for those who seek your assistance. It is our constant prayer that you achieve everything God has for you to do and it is our honor to support you with training to make your dreams and visions possible.
